PHOTOGRAPHERS WITHOUT BORDERS MAKES DONATION TO ONE LAPTOP PER CHILD TO SUPPORT EDUCATION

ROCKFORD, IL —Photographers Without Borders is proud to be able to make a cash donation to the One Laptop Per Child Foundation in support of its mission.

The mission of Photographers Without Borders is to provide educational and financial support to the communities of the world through the promotion and sale of fine art photography. This donation is completely in line with the mission of the organization and the Board of Directors is confident in the ability of the One Laptop Per Child program to enable further education in all communities throughout the world.

Photographers Without Borders President and Founder Phil Spitze notes, “The Board of Directors and I are very pleased with the work of OLPC and I personally have had a chance to use with their software. I found it easy to navigate, yet challenging enough to encourage further learning and investigation – just what young students need to stay engaged.”

Photographers Without Borders is a recognized 501(c)3 non-profit public charity who relies on public donations to continue its work. You can find more information and make donations online at: www.PhotographersWithoutBorders.org
